THE RICHARD STOCKTON COLLEGE OF NEW JERSEY

MEMORANDUM

TO: All Faculty

FROM: David Carr, Provost and Executive Vice President *David R Carr*

SUBJECT: Summer Research Support

DATE: March 13, 2008

I am pleased to announce that the College has increased its appropriation of summer research support for faculty to \$45,000. Although these funds are intended primarily for faculty below the rank of Professor, all full time and half time faculty with contracts for the 2008-09 Academic Year (except 13(d) 13(m) 13(o), visiting, and faculty in transition) are eligible to apply.

We anticipate that these awards will consist of up to \$5,000 per proposed project.

Proposals following the R&PD application form should be submitted to the Grants Office no later than close of business on Monday, April 7. Although waived for this year, proposals submitted in the future must refer to Faculty Plans.

For this summer's awards, the R&PD Committee will recommend award recipients to me. Recipients will be notified of award decisions no later than Monday, April 28. Summer Research award recipients are restricted to teaching no more than one course during the summer. Summer Research Support payments will be disbursed with the July and August payroll cycles.

Recipients will be required to make a progress report on their project to the Grants Office no later than September 30, 2008, followed by a proposal to present the results of their Summer Research in a forum such as the Day of Scholarship.
